Project; kaanperprogetti@gmail.com

PROJECTS, WORKS AND RELEVANT SKILLS

- Topel C64 UCAV Project (2023-2024) > Tensorflow, Ardupilot, Linux, Documenting
- Teknofest Rocket Project (2021-2024) > Arduino, Documenting, Embedded Systems and PCB
- Co-relation of Short Videos and Technological Tools with ADHD and Attention Span (2024) > Documenting, Experimental Observation and Research
- Teenagers in the Processes of Different Scale Sustainability – Erasmus (2023) > Documenting in English
- Yottalogy Microcontroller Lessons (2022) > Arduino, Video Editing, Creating Lessons and Guides
- Astra In-Car Security System (2022) > Automation, Raspberry Pi

  For more information about projects, you can check kaannabdullah.github.io .

SKILLS

- Linux System Administration / Bash Scripting
- Arduino and Experience on Similar Microcontrollers and Embedded Systems
- Python and C# Languages
- HTML-CSS Web Design
- Tensorflow Deep Learning

EDUCATION

- Mersin Elit Koleji – 2024-2025
- Mersin 75. Yıl Fen Lisesi 2022-2024
- Adana İsmail Safa Özler Anadolu Lisesi 2021-2022
- Vali Sabahattin Çakmakoğlu Ortaokulu 2017-2021

HOBBIES

- Learning Languages
  - English C1
  - Italian A2
  - Chinese HSK1
- Translation
- Reading Books
- Gastronomy
